## Product Phase-Out Notice

Subject: IEEE 11ac 4\*4 series AP Products **End-of-Life (EOL)**

Z-COM,INC. is committed to support its valued customers with quality products at competitive price in the market. To keep this commitment we must evaluate the features and cost-effectiveness of its current product lines from time to time.

This is to notify that **IEEE 11ac 4\*4 series AP products** will be discontinued. The last day for placing final Purchase Orders (P/O) and last day for delivery **are as below**. ZCOM will honor the standard warranty of the product, which are ordered and delivered in accordance with the above dates.

ZCOM recommends switching to **IEEE 11ac 4\*4 series AP products** accordingly. The succeeding new model has benefits of equivalent functions and high performance. We will strongly support each of our customers for a smooth transition to the new model, or offer suitable product proposals to meet your future requirements. If you have any questions, please contact your ZCOM's sales representatives.

Please acknowledge this notification by returning an email or fax to your ZCOM's sales representative, to confirm receipt of this notice.
